

**Elegance 24 Display Featurephone**

Digital hands-free featurephone with 34 programmable keys and LCD display.

Strata Elegance Series

Elegance Series of Featurephones

Toshiba's Elegance series of digital featurephones offer a range of attractive and functional options, designed for the demanding needs of the business user.

The Elegance series of featurephones from Toshiba are extremely robust and reliable, and provide a range of functionality to improve productivity and efficiency for the user.

Key Customer Benefits

- Red/Green LED for easy distinction of internal and external calls.
- Easy identification of extension status through red/green Busy Lamp Field (BLF) indication.
- Intelligent feature presentation through soft keys, for applications such as voicemail.
- Easy identification of the type of call through 10 different ring tones.
- Specific projects can be assigned a Direct Dial-In (DDI) number with a specific ring tone.
- One-touch keys for regularly used functions such as speed dials, call pick-up etc.
- Multiple message waiting indication allows use of shared mailboxes for specific departments or projects.
- One-touch group pick-up with easy recall of calls placed on hold.
- Reduce time spent searching for numbers with on-screen directory dialling on LCD featurephones.
